

IECEX BATTERY POWERED LED FLOODLIGHT

ORDER CODE: LIGHTFB

DESCRIPTION

Our portable battery powered LED floodlights are a robust and lightweight temporary lighting solution for hazardous areas. Certified for use in zone 1 and 2, with a compact design and powerful output, our floodlights are safe, versatile, and reliable. Cable free operation eliminates trip hazards, allows maximum portability, and provides emergency lighting. Suitable in use in confined spaces in accordance with AS 2865.

KEY FEATURES

- ATEX and IECEx certified for zone 1 and 2
- Lightweight and portable
- Cable-free operation
- 12 Hour Duration
- Light Output 3100 lumens
- Maintenance friendly
- Low battery voltage warning
- Specialised charging system
- Waterproof and Dustproof
- AS/NZS 60079 compliant
- AS 2865-2009: Confined spaces compliant

TECHNICAL SPECIFICATION

Zone Rating	Zone 1 & 2
Temperature Classification	T4
Battery Duration	6-12 hours
Battery Charge Time	6 hours
Weight	9kg
Ingress Protection	IP66/67
