

IECEX 400MM ELECTRIC FAN

ORDER CODE: FAN40R

DESCRIPTION

Our IECEx 400mm electric fans are our most powerful portable air mover. Constructed from IECEx certified equipment they are suitable for use in zone 1 and 2 hazardous areas. The compact design and rugged construction provide portability and performance in the harshest conditions. With a maximum airflow of 7580 m³/hr, the IECEx 400mm electric fans deliver high-flow ventilation to protect your people.

KEY FEATURES

- ATEX and IECEx certified for zone 1 and 2
- For use with 400mm ducting
- High airflow
- Operates on 50 or 60Hz
- Ergonomic design
- Easy carry handles
- Integral cable storage
- Used as blower or exhaust
- Tough and durable
- Anti-static polyethylene

TECHNICAL SPECIFICATION

Zone Rating	Zone 1 & 2
Temperature Classification	T6
Voltage	200-250V
Starting Current	40A @ 50Hz
Running Current	8A @ 50Hz
Frequency	50/60Hz
Volume Flow	7580 m ³ /hr @ 60Hz
Weight	28kg
Ingress Protection	IP55
Plug Options	CEAG, STAHL *
Cable	15m shielded LSZH **

* Other plug options available upon request

** Other cable lengths and types available upon request
