

IECEX 230V TUBE LIGHT

ORDER CODE: LIGHT230

DESCRIPTION

Our portable LED tube lights are a robust and lightweight temporary lighting solution for hazardous areas. Certified for use in zone 1 and 2, with a compact design and 'daisy-chain' linkable feature, our tube lights are safe, versatile, and reliable. Suitable for use in confined spaces in accordance with AS 2865, when protected with an RCD located outside the confined space.
