

IECEX 16A SHUTDOWN UNIT

ORDER CODE: SD16

DESCRIPTION

Our 16A shutdown box offers automatic shutdown of single-phase hot work tools. When used in conjunction with our Gas Sensing Module (GSM) it will isolate hot work tools when the GSM detects gas, or when the remote E-Stop is activated. Suitable for use in zone 1 and 2 hazardous areas. Constructed from IECEX certified industrial components and durable shielded cable, our shutdown units are ideal for use in harsh environments.

KEY FEATURES

- ATEX and IECEX certified for zone 1 and 2
- Simple plug-in operation
- Waterproof & dustproof
- AS/NZS 60079 compliant

TECHNICAL SPECIFICATION
